

GROWING SALVIAS WORKSHOP

Saturday, October 3
11:00AM - 12:00PM
with
Isabella de Sibert
Stuck in the Mud

Come prepared to learn how to make salvia babies. This family of plants offers a wide spectrum of colors, sizes, flower colors and leaf hues. Salvias are one of the best drought tolerant plants to add color and shape to your garden without taxing your water budget!

Led by our expert garden consultant and horticulturist, Isabella de Sibert from Stuck in the Mud, you will see how easy it is to propagate salvias. Join and learn how to easily add a new skill to your palette.

REGISTER NOW! \$25

Location:
506 Munras Avenue, Monterey 93940
